"NSR for You" – NSR Benefits

National Skills Registry (NSR) is a NASSCOM initiative to have acredible Registry of information about employees working in the IT / ITeS industry. This creates a trusted and permanent fact sheet of information about each individual employee alongwith background check reports. NSR is a global security best practice for the industry and assures identity security and credibility to honest professionals. Listed below are some of the significant benefits you as a part of this industry get by participating in this industry-wide reference database driven by NASSCOM.

You are part of a Global Security Best Practice

- "NSR has been started under the "Trusted Sourcing" initiative of NASSCOM as a Security Best Practice for the industry".

Your NSR profile has an Industry Acceptance for credibility

- "Currently 77 leading IT/ITeS companies, representing over 60% of the industry employee strength, are participating in NSR and have adopted NSR Participating Companies NSR as their primary employee information reference system". (Click here for complete list https://nationalskillsregistry.com/Companies_joined2.html.doc)
- Quote your NSR registration number (ITPIN) on your CV. Get credibly accepted.

NSR registration assures you a Unique, Secure, Permanent & Online profile

- NSR ensure "one person – one profile" based on biometrics (photo and finger-prints) so your profile is unique

NSR gives you Right to Create your profile and Represent Yourself. You alone decide which companies can access your profile and authorize such companies to access your profile

- Companies authorised by you can view your profile, conduct checks on details but cannot make any changes on your profile. Complete authority to make any changes rests with you only.

Know NSR better	To do
Online Access: Your NSR profile is online and can be accessed on NSR website at https://nationalskillsregistry.com. You will need ITPIN (issued by NSR, also available in this mail) and your log-in ID & log-in password (both registered by you during registration). In case you have forgotten your log-in details, NSR facilitates quick, hassle-free and online retrieval.	Access and Update your NSR profile regularly. Ensure that profile is complete and accurate. Authorise companies of your choice to view your NSR profile Pay your Annual Maintenance Fees online to extend the validity period of your NSR profile, thereby ensuring that you have ongoing access to your profile

NSR FAQs

(we are introducing this new section in the newsletter to share most commonly asked questions and answers, available solutions)

Question: My Previous employer company is closed. Should I register this?

Ans: You should enter complete and factually correct details on your NSR profile. If details in respect of such employment are verified, the Background verifying agency would find-out that the concerned employer company has stopped operations or is not traceable. Therefore the verification report would indicate that details "Could not be Verified" and reasons for the same.
